

## **TINY SHITTY PEOPLE**

Tiny shitty people in their big fuck-off cars  
Tiny shitty people smoking connaisseur cigars  
Tiny shitty people ravin' bout Jazz  
Tiny shitty people sayin' it's time to kick some ass  
Tiny shitty people with their big fat bank accounts  
Tiny shitty people they are all around.

Tiny shitty people making tiny shitty laws  
All they want is leave you in tiny shitty awe  
Tiny shitty jealousy, tiny shitty pride  
All they want is take you for a tiny shitty ride  
Tiny shitty people in their ignorance they drown  
Tiny shitty people they're all around.

Tiny shitty people they've got minds like spies  
They sell you down the river, a river full of lies  
They like to think they are righteous, but all they sow is strife  
Tiny shitty people, their sentence is called life  
I guess everybody's got a tiny shitty side  
Try to keep yours to yourself  
And I' will try with mine.
